### SIX MEN BURNED IN CAISSON FIRE

New York, Dec. 15.—Fighting desperately to get to the street, six men were burned, two of them fatally, in a caisson fire today, sixty feet down in the foundations of the newly started Guaranty Trust company building at Broadway and Liberty street. The caisson was one of a row along the Broadway side of the foundation, and, though in plain view of the street, the struggle inside was unobserved by the passing thousands until the arrival of an ambulance.

The injured are Thomas Cosgrove, Andrew Donovan, Andrew Lounsbury, Thomas Nicol, William Schmidt, Harry E. Wood.

A lighted candle, used to test for air leaks, ignited a bunch of oakum, kept for caulking purposes. This set fire to the shoring timbers and instantly the lower chamber was lit ablaze.

The men were working at a pressure of nearly two atmospheres and the excess of oxygen caused the fire to burn with great rapidity. The manhole of the lock was closed. The men, their clothing ablaze, pounded vigorously, and were heard by Cosgrove, the tender. One by one they dragged themselves through with his assistance and began a frenzied climb to the lock above.

There was not time to close the manhole and the flames shot up the long narrow caisson excavation, which acted as a chimney. Other workmen assisted them when they reached the upper lock near the street level.

Wood and Donovan will probably die.

### WHEN THE KIDNEYS FAIL

Albuquerque People Have Found That Dr. Hahn Quickly Follows.

Do you ever feel that you simply can't go any further—that you must have rest from that lame and aching back—relief from the constant, deadening feeling—freedom from those stabbing, darting pains? Likely your kidneys are worn and tired and need help. The kidneys work night and day, removing uric acid from the blood and other waste created by exercise of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells. Dean's Kidney Pills have brought new strength to thousands of bad backs and quick relief to weakened kidneys. Let them do the same for you.

Charles O'Malley, 713 Main Ave., East Los Vegas, N. M., says: "In 1907 I publicly recommended Dean's Kidney Pills and at this time, I can corroborate the statement I then gave in their praise. I have had no further need of a kidney medicine, as the cure effected has been permanent."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

## OCCIDENTAL OPENS FINE OFFICES IN DENVER

Admission to Colorado a High Tribute to Methods of Big Albuquerque Insurance Company. Mr. O'Reilly Home.

Splendid extension of the business field made recently by the Occidental Life Insurance company show that Albuquerque may well take pride in the fact that the home office of this progressive organization is located in this city.

General Manager J. H. O'Reilly has just returned from Denver, where he supervised the opening of Colorado headquarters for the life and accident department of the Occidental. The admission of the Albuquerque company to Colorado is a striking tribute to Occidental aims and methods, as the laws of Colorado are particularly strict with regard to the admission of insurance companies. The Denver offices are located in the new building of the National Trust company and are in charge of W. M. Chance, who is well known here.

The Occidental entered the Kansas field some time since and now has effective agency forces organized there, with district headquarters at Kansas City, Kan., and Wichita. After the first of the year it is the intention of the Occidental management to enter Missouri.

## GIFT THAT PLEASES WHOLE FAMILY FOR YEARS

A gift that will give genuine pleasure to an entire family for years. That is a gift worth while, and its requirements are met in every particular by Victor Talking machines and Victrolas. All the new models of these fascinating machines are on display at the popular Leonard-Lindemann store, where the public is urged to call, inspect and hear a selection played. Victrolas are priced from \$15 to \$250—a range which readily adapts itself to pocketbooks of varying sizes.

### GOVERNOR HADLEY GOT IN DEEP

Washington, Dec. 15.—Coming east on the train a few days ago, Governor Hadley of Missouri went into the smoking compartment of the Pullman and was promptly offered a cigar by a fellow traveler. The governor thanked his acquaintance, but said he did not smoke cigars, whereupon the acquaintance expressed regret that he did not have a cigarette to offer him.

"Do I look like a man who would smoke cigarettes?" the governor inquired with something like indignation, and proceeded to express the opinion that cigarette smokers were a poor lot of weak-minded people who ought to have guardians appointed for them. The governor didn't notice that the tall, thin man in the obscure corner held the butt of a cigarette between his nicotine-stained fingers. The tall, thin man overheard what the governor said, and turning so that he could look Hadley squarely in the face, he remarked slowly and with the suggestion of a lip: "Well, cigarette smokers may

be weak-minded and need guardians, but in my judgment people who go shooting off their mouths in public places about other people's habits ought either to be muzzled or made to ride in the baggage car."

Governor Hadley was profuse in his apologies and assured the tall man he wouldn't have said what he did for the world if he had noticed there was a cigarette smoker present. Then a mutual friend introduced the governor to the tall, thin man. The latter proved to be Colonel Cecil Lyon, Republican national committeeman from Texas, millionaire rancher and lumberman, and inveterate smoker of the cheapest and worst brand of cigarettes on the market.

W. H. Hahn left this morning for Santa Fe to unload a car of Cadillac automobiles. Mr. Hahn has the agency for this make of car.

## ASSASSINATION OF KING GEORGE IS REPORTED

Great Excitement Occurs in London When Rumor Is Started But It Is Quickly Denied by Officials.

(By Evening Herald A. P. Leased Wire) London, Dec. 15.—A rumor that King George had been assassinated in the royal camp at Delhi was circulated broadcast in London this morning and created tremendous excitement on the streets. Officials insisted that the rumor was without foundation and declared that it probably arose through sensational reports of a light fire in a tent adjoining that of the king.

A MILLION FOR THREE PICTURES  
New York, Dec. 15.—The acquisition of three important Rembrandts by P. A. B. Widener of Philadelphia, who bought "The Mill" last spring for one-half million dollars, is announced in the current number of American Art News in its London correspondence. It is reported that Mr. Widener obtained the three examples of the Dutch painter through sulley & company for one million dollars.

The paintings are on canvas and include "Apostle Peter at a Writing Desk," "Portrait of a Man" and a Scriptural subject. According to advices, they were in the collection of the Earl of Wimbborne and hung in Canford Manor, England.

## SALT LAKE SESSION OF CONGRESS TO BE A WINNER

So Says Colonel Willard S. Hopewell; Exposition of Products from Arid States to Be Held.

Col. Willard S. Hopewell stated today that the session of the National irrigation congress to be held at Salt Lake City next year would probably be marked with a number of special features which would make it a notable event.

He stated that the executive committee would meet in Salt Lake soon, and after consultation with Major Young, member from Utah, and with Senator Newlands, would choose the site of the congress for the coming year. This, he expected, would take place shortly after the report of the proceedings of the last congress was made, or likely in about thirty days.

He stated that he understood the Utah people planned an exposition of products from all the arid states for the session of the congress, and that a large list of special prizes were to be offered.

Colonel Hopewell stated that in contradiction to the report circulated, Governor-elect McDonald had been chosen vice president from New Mexico and he himself a member of the executive committee.

Colonel Hopewell said he expected the headquarters of the congress to be moved to Salt Lake next month.

## The Markets

### STOCK MARKET IS NOW APATHETIC

Bullish Manipulation Terminates With Heavy Profit Taking and List Is Again Sluggish.

(By Evening Herald A. P. Leased Wire) New York, Dec. 15.—Subsidence of bullish manipulation following heavy profit taking was the explanation commonly advanced for the market's heaviness during the early session. Traders were inclined to look for a greater reaction from the previous day's high level. Steel shared the general apathy, despite prospects of a further advance in prices of products. Renewal of weakness in Wash. issues and other stocks in the group was hardly a contributing factor. Copper shares as a whole were conspicuous for their relative strength. By midday the market manifested a somewhat better tone under the leadership of Lehigh Valley and Reading.

Bonds were irregular. Business dwindled away during the noon hour, almost the sole feature being the smart advance in W. U. The close was firm.

### Chicago Grain.

Chicago, Dec. 15.—Rains doing damage in North Argentina had a strengthening effect today on the market for wheat. Opening prices here were 1-8@1-5c to 1/2c up. May started at 77 1/2-78 1/2c, a gain of 1-8@1-5c to 1-8@1-5c, but reacted to 77 1/2-78 1/2c. Closing figures were firm, with May at 78c, a gain of 1 1/2@1 5/8c.

Selling on the part of bulls wiped out an advance in corn. May opened a shade to 1-8@1-5c higher at 62 1/2-64 1/2c, and fell back to 62 1/2-64 1/2c. The close was firm, 5-8c up, at 64 1/2-65 1/2c for May.

Oats followed the course of other grain, bulging a little at the outset and then easing off. May started 16c lower to a like amount up, at 48 1/2-49 1/2c, and later sold at 48 1/2c.

Hog products showed firmness on account of a rise in quotations at the yards. First sales were unchanged to 1/4c higher, with May at \$16.05 for pork; \$9.30 for lard, and \$8.50 for ribs.
